

CURRICULUM VITAE of Dr. WANG MAOLIN (wangmi1240@163.com)

Name: Wang Maolin

Academic qualifications:

2006.9-2010.7 B. Med Institute of Life Science and Technology College, Beijing University of Chemical

Technology

2010.9-present M.D. Institute of Life Science and Technology College, Beijing University of Chemical

Technology

Previous relevant research work:

Technical expertise Cheminformatics

Research area Virtual screening, Quantitative structure-activity relationship

Ten Representative publications in the past two years

- Maolin Wang, Kai Wang, Aixia Yan and Changyuan Yu, Classification of HCV NS5B Polymerase Inhibitors Using Support Vector Machine, *International Journal of Molecular Sciences*. 2012, 13(4), 4033-4047; doi:10.3390/iims13044033
- 2. <u>Maolin Wang</u>, Min Zhong, Aixia Yan, Liming Li and Changyuan Yu, Quantitative structure and bioactivity relationship study on HCV NS5B polymerase inhibitors. *SAR & QSAR in Environmental Research*. (In press)
- 3. Ling Wang, <u>Maolin Wang</u>, Aixia Yan, Bin Dai, Using self-organizing map (SOM) and support vector machine (SVM) for classification of selectivity of ACAT inhibitors, *Mol Divers*. DOI 10.1007/s11030-012-9404-z.
- 4. Aixia Yan, Xianglei Nie, Kai Wang, <u>Maolin Wang</u>. Classification of Aurora Kinase inhibitors by Self-Organizing Map (SOM) and Support Vector Machine (SVM). *Eur. J. Mol. Chem.*, 2013, 61, 73-83
